ECHOES IN THE STARBUCK CASE

**Amateur Detective Claims
He Has Solved the
Mystery.**

**He Lays the Matter Before Henry
County Authorities—No Action
Yet Taken.**

The New Castle Courier of Thursday says:

An amateur detective has approached the local authorities with the information that he has secured enough evidence to convict the man who murdered Mollie Starbuck and her baby, near Greensboro, a year ago and for the reward of \$500 offered by the county commissioners, he will arrest the man if given the power to do so and will stay with the case until the guilty party is placed behind the bars for life or sent to the gallows.

Thus far the authorities have done nothing regarding the proposition. The reward is still in force and has never been paid to any one, although a suit is pending in the Hancock circuit court against the county commissioners, having been instigated by Detective Curry, who claims the reward.

If this one detective cares to, he may lay bare his facts in the case, and if substantiated and an arrest made and a conviction secured, then the \$500 would be paid to him with thanks, but there is a bare possibility that the amateur is a four flusher. The fact has not been acted upon as yet by the local authorities, and if they are even considering the proposition they are not saying so.

It is likely that the detective will hold another confab with the authorities before long and if he fails to show up, it will be thought that he was making a grand stand play. The man is still around these parts, but his name has never been ascertained and the officers do not even know whether he has one or not. He does not attempt to say who the guilty party is, but some parts of his theory are said to be reasonable and if his talk amounts to nothing more, it has at least started thought along a new channel.

Will Build a New Depot.

The C. H. & D. has decided to build a handsome new pressed brick passenger station in his city on the site of the old one. The present one will be moved east and will be used while the new one is being built. The new structure will be modern in every respect. Work will begin in September and the depot will be completed within three or four months.

IS WORKING FOR RURAL SERVICE

**Congressman Watson Endeavoring
to Complete System in
Sixth District.**

Congressman Watson is making every effort to establish a complete rural free delivery system throughout the Sixth district. He has of late been pushing his efforts to secure complete rural free delivery for Franklin county and his labors have resulted in much good. Postoffice inspectors are now at work in Franklin county going over the lands for the purpose of installing a complete county service.

In nearly every other county in this district the service is complete and satisfactory. The fact that Franklin county has so many hills makes it difficult to satisfactorily arrange a complete rural free delivery system.

INTERESTING STATISTICS

Compiled by Secretary of Indiana Sunday School Society.

Through the Rev. Mr. Halpenny, secretary of the Indiana branch of the international Sunday school organization, extensive and detailed figures have been gathered showing Sunday school conditions over this State.

The figures come from the smallest schools in the most remote townships, as well as the largest Sunday schools in the largest cities.

There are 767,236 persons of Sunday school age—6 to 21 years—in Indiana, and there are 5232 schools in the 92 counties which are allied with the international movement. The total number of these schools which are open throughout the year is 4237. The schools are conducted by 55,334 officers and teachers, who direct the Sunday school instruction of 328,533 pupils. The number of home departments in the schools of the State is 479, with total membership of 15,499. The number of cradle rolls is 387, with membership of 7952, and on these rolls the increase is largely due to the industry of the stork.

RAIN INTERFERES WITH CARNIVAL

**Last Night's Program Will be
Given Tonight—Free Band
Concert.**

Last night's storm which came up about seven o'clock prevented the young men of the Catholic church from carrying out the third night's program of their carnival.

As the young men had expended more money in preparation for the extra night, it was decided to give the carnival again tonight. The Rushville band will give another concert beginning at 8 o'clock.

REUNION OF THE KRAMMES FAMILY

**Seventy Five Relatives and
Friends Were Present
Thursday.**

The third annual reunion of the Krammes family was held at the home of Louis H. Krammes on the Thos. A. Jones farm, four miles west of this city, August 24th, 1905. There were about seventy-five relatives and friends present.

Andrew Krammes, in whose honor the reunion was held, is in his 85th year, and is hale and hearty for one of his years.

The children and their families attending were: Mr. and Mrs. Frank Ellison and son Ralph and daughter, Mrs. Nellie Fry, of Greenfield; Mr. and Mrs. Robert Krammes, of Cartilage; Mr. and Mrs. Grant Krammes and family, of Greenfield; Mr. and Mrs. Thomas Krammes and family, of Greenfield; Mr. and Mrs. Albert Krammes and Mr. and Mrs. Geo. W. Krammes, of Rushville; Mr. and Mrs. Marshall Krammes, of Homer, One son, Hadden, of Franklin county, and one daughter, Mrs. Geo. Simpson, of Connersville, were unable to be present. Other relatives attending were Mr. Louis Reibomer, and Mr. and Mrs. Geo. Williams, of Connersville; Mr. and Mrs. Claude Krammes, of Orange, Ind., and numerous other friends.

A bountiful dinner was spread, the Lord being remembered with thanks. The amusements consisted of croquet, swings and music by the phonograph, furnished by Rolla Dearing. All departed in the evening wishing all another prosperous year.

BIG STRIKE AT CONNERSVILLE

**Union Men Walk Out of
Roots Foundry and Raise
Trouble.**

**Flat Car on Switch is Turned
Loose, Crashing Into End
of Building.**

Twenty-six moulders including apprentices, employed at P. H. & F. M. Roots foundry at Connersville, went out on a strike Wednesday night which has caused operations in their department to be partially suspended at least for a few days.

The trouble originated over affairs in the iron moulder's union, it is said, because of an employ refusing to become a member, and as the firm would not discharge the employee the men quit their jobs.

When the men went out, Mr. Johnston, superintendent of the plant, informed them that he would send for another force of moulders. This was guarded against all day yesterday by the men, who formed picket duty around the plant and also had all the railway stations in Connersville well guarded, and closely watched all incoming trains. Saturday it is expected that a large force of employees will arrive to take up the work of those that have walked out and it is expected that trouble will follow.

One of the first instances seemingly attributed to the strike occurred yesterday evening. An unloaded flat car in the company's yard that was set on the hill near the main track of the Big Four railroad was turned loose and the momentum it gained while running down grade sent it crashing into the company's big warehouse tearing down the door and doing much damage. It could not be learned who did the work, and for fear more trouble may occur the plant is being well guarded day and night.

It was stated last night that all the apprentices to the moulder's trade that were employed by the company were threatened if they continued work, and in consequence they all joined the strikers and quit. This makes in all about fifty men who are out.

The striking men have been receiving good wages. The factory has been running night and day for some time. The strike is important from the fact that there are several large factories at Connersville which are open shops and which organizers have failed to unionize.

WOMAN KILLED AT GREENSBURG

**Mrs. Emma Uhlmansiek, of Rising Sun, Run Down by
Train.**

Miss Emma Uhlmansiek, aged 40, of Rising Sun, Ind., was struck and instantly killed and her body ground to pieces by fast passenger train No. 15 on the Big Four road at Greensburg, Thursday morning at 10:20 o'clock. Miss Uhlmansiek and two cousins had gone to Greensburg on the excursion from Rising Sun and Aurora to visit the Odd Fellows' Home. The excursion train had just backed upon a switch to allow the regular train to pass and the three young women had stepped from the excursion train directly upon the track and in the way of the regular train. The other two young women jumped in time to save their lives. The remains of the victim were scattered along the track, the head and both legs being severed from the body while the trunk was cut in two directly across the abdomen. The remains were sent to Rising Sun Thursday evening.

PREVENTS SCALPING

Pennsylvania Officials are Considering New Scheme Looking to This End

Passenger officials of the Pennsylvania are looking into a device for the further protection of coupon signature tickets. The ticket is provided with a square envelope which can be sealed from within. When the last "going" coupon has been taken from the ticket the return portion is sealed within the envelope and handed to the passenger. On the envelope is printed a notice saying that the envelope cannot be opened excepting by the conductor, otherwise the ticket will not be honored.

DENIES STORY OF COOK'S SISTER

**Mrs. Bankert Says She Did Not
Accompany Cook to His
Sister's Home.**

Mrs. Anna Bankert, in jail for the murder of Norman Cook, in conversation with her attorneys, today, denied the story told by Cook's half-sister, Mrs. Nellie Arnold, of Connersville. She denies that she visited Mrs. Arnold's home with Cook, and that he asked his sister, in her presence, to take her to his sister's home for dinner.

Mrs. Bankert says that she had occasion to go to Connersville and she, being afraid of the horse she was to drive, asked her husband to drive her over. This was when Cook was employed by Mr. Bankert. Mrs. Bankert says that the matter was discussed at the breakfast table and Mr. Bankert being unable to go, decided to send Cook with his wife instead. Mrs. Bankert says that on the way to Connersville, Cook asked her to go to his sister's for dinner, but that she refused, saying that she would take dinner with her own relatives. Mrs. Bankert says that upon reaching Connersville she left Cook and did not see him again until they left for home. She says that if Cook asked his sister to bring her there for dinner he did it without her knowledge. Mrs. Bankert took dinner, she says, with her own relatives.

The defense claims that the stories told by Mrs. Arnold together with numerous others were merely started in an effort to turn public sentiment against Mrs. Bankert.

The defense says that Cook had been talking about some other women in the county, linking his name with theirs in scandal, just as he did about Mrs. Bankert.

Mrs. Bankert, at the jail, is maintaining a very cheerful disposition. Her husband calls to see her every two or three days and her attorneys confer with her quite often. Mrs. Bankert, the sheriff says, would have fifty callers a day, should he allow people to see her as they desire.

HE SAYS THAT SHE GRUMBLED

Jesse Fry, of Ripley township, has, through his attorney, H. E. Barrett, filed suit in the circuit court for divorce from his wife, Bertha Fry. In his complaint, Fry says that he and his wife were married at Knightstown on December 25th, 1904, and lived together until August 21st, 1905. The plaintiff charges that his wife was guilty of cruel and inhuman treatment toward him, that she swore at him, grumbled at everything that he would do and refused to do the housework. He further alleges that she sought the company of other men and associated with them, being guilty of certain crimes with them while the plaintiff was away from home.

CINCINNATI TO INDIANAPOLIS

**Commercial Tribune Says a
Line Will be Built via
Greensburg.**

**Cincinnati and Lawrenceburg
Line to Meet I. & C. at
Batesville.**

And now comes the Cincinnati Commercial Tribune with the following:

If plans which have been discussed by officials of the Cincinnati, Lawrenceburg & Aurora Traction company are carried out within the next year, Cincinnati will have a fast trolley road into Indianapolis which will rival the steam roads in speed and equipment.

The connection will be created by the construction of about thirty miles of trolley road from Harrison to Batesville, Ind., to which point the Indianapolis & Southeastern Road will be in operation within the period mentioned.

The Indianapolis & Southeastern has just acquired the Indianapolis & Cincinnati traction properties, one of which lines is in operation through Shelbyville to Greensburg, while an extension to Batesville is already in sight.

The distance from Indianapolis to Greensburg over the company's right-of-way is forty-seven miles. The extension to Batesville will add fifteen additional miles, leaving only a link from Batesville to Harrison to be constructed.

The Cincinnati, Lawrenceburg & Aurora road has a bond issue of \$750,000, and a capitalization in stock of \$250,000 of six per cent. cumulative preferred and \$750,000 of common. When the stock was issued some years ago, it was with the understanding that no dividends would be declared for a period of five years, in order that a surplus could be accumulated for extension purposes.

Last year the \$250,000 of preferred was issued to cover some improvements, and the contemplated plan of the officials regarding the discussed extension to Batesville provides for an additional issue to cover the cost.

The officials, among whom is A. B. Voorhees, of the Union Savings Bank and Trust company, believe that the connecting of the two systems will result in its being the shortest and best through traction line between Indianapolis and Cincinnati.

ATTRACTIONS FOR THE FAIR

**Secretary King Secures the
Pilbeam Carnival Co. and
Electric Theatre.**

One of the greatest features ever billed for the Rush county fair was procured today by Secretary Will King, when he signed a contract with Pilbeam's United Carnival company. All this will be in addition to "King and Queen," the diving horses, making the best line of amusements ever seen on the local fair grounds.

Pilbeam's Carnival company carries with them an "electric theater," besides several other good shows. New and unique novelties will be introduced and strange people can be seen who have been collected from all parts of the amusement world.

Secretary King has also contracted with a balloonist and there will be a balloon ascension on Wednesday, Thursday and Friday of next week. An unusual effort is being put forth to make the free features of the fair numerous this year, and present indications are that the Rush county fair will be the greatest ever held in this county in its history.

STORM DOES MUCH DAMAGE

**Corn is Blown Down and Trees
Twisted and Broken—Flat-
rock Swollen.**

Thursday night's heavy rain was accompanied by much wind and much damage is reported throughout the county.

Most of the damage was done to the corn. Especially in the northern and western part of the county the grain was blown down and in some instances it is said, was so badly damaged that it will be almost impossible to gather it.

Fences in certain parts of the county were blown down and trees deprived of their branches.

The heavy downpour of water in the north east swelled the waters of Flatrock until the water today stood even with its banks. All of the smaller creeks were also swollen.

\$70,000 FIRE AT GREENSBURG

**Lincoln Carriage Factory Burns
to the Ground With All Its
Contents.**

One of the most disastrous fire which has visited Greensburg for several years occurred at 10 o'clock Thursday night, when the Lincoln Buggy Factory caught fire in some unknown manner and burned to the ground. The total loss was about \$70,000.

The factory was owned by Greensburg capitalists. Fire was discovered by the night watchman about 10 o'clock, and by 11 o'clock the building with its contents, valued at \$50,000 was a total loss. The fire department, composed of volunteers, was of no avail in battling the terrible monster, and the building burned down. The fire burned all night and the light could easily be seen from this city.

Woman and Three Men Killed.
Bakersfield, Cal., Aug. 25.—By a terrific explosion of giant powder at Paris, fifty-one miles from Bakersfield, Mrs. A. W. McRae, wife of a prominent mining man, her son George, and Oscar Duclose, another mine owner, were instantly killed. Mr. McRae received injuries from which it is feared he will die, and at least three other men were badly hurt by the explosion.

Socialists Order Strike.
Warsaw, Aug. 25.—The Socialists have declared a general strike to begin at Lodz on Monday. Since martial law was declared hundreds of arrests have been made, mostly of Socialists at Lodz and that vicinity, where disorders still continue.

Suicide of Legislator.
Fordyce, Ark., Aug. 25.—J. S. Peterson of Dallas county, member of the Arkansas legislature, has committed suicide by shooting himself through the head with a pistol. Dependency over protracted ill-health is the supposed cause of the act.

Chamberlain's COLIC, CHOLERA AND Diarrhea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take. Every man of a family should keep this remedy in his home. Buy it now. It may save life.

With the Sioux Indians buying automobiles, it looks as if the department of the interior might have another serious problem on its hands.

A physician advises those who wish to keep cool to eat raw onions. That may at least keep them from being crowded.

Since the Japanese have already captured the island of Sakhalin, it would be more formality to cede this island to Japan. As to indemnity—suppose Russia had Japan at her mercy and was fixing the peace terms. Of course, Russia would demand no indemnity—oh, no.

The principle underlying the question of rate regulation is regarded by President Roosevelt to be the most important domestic question now before the American people, and inasmuch as this question is to be considered in connection with many other questions that go to the very vitals of the Republic, we do not see why it should not be so regarded by everybody else.

When tariff revision becomes necessary the only organization that can perform the duty safely is the party of protection, the friends of the policy that has been tested and found good. Ask a Democrat if he is for protection in any form and he will answer in the negative or must avow that on the subject he disagrees with his party. The Democratic fight is not on inequalities that may in course of time develop in a protective tariff. The Democratic party wars on protection itself.

NO FRAUD

Fair Count Was Had in Indianapolis Republican Primary.

Indianapolis, Aug. 25.—The Republican board of primary election commissioners met last night to hear from Chairman Metzger the result of the contest filed by Ferdinand C. Smock a candidate for councilman-at-large in the recent primaries, who asked for a recount, charging that he was defeated by fraud. Smock obtained a temporary order restraining Chairman Metzger from burning the ballots until his claims could be investigated. Members of the Republican organization believe that Smock was induced to file his proceedings by interests that have been fighting ex-Mayor C. A. Bookwalter for several years and that they even went so far as to offer to bear his expenses in the matter if he hopes of having the bags containing the ballots opened so it might be shown that Bookwalter had been nominated by fraud. It is understood however, that several Republican leaders pointed out the situation to Smock. An arrangement was made by which Smock and Chairman Metzger should go over the returns and report to the primary election commissioners. Last night Smock had the restraining order dissolved and Metzger burned the ballots. The anti-Bookwalter organs now claim that Metzger burned the ballots without giving the primary election commissioners opportunity to examine them. They are poking fun at the investigation, but the Republican politicians are enjoying their disfigurement over their inability to have the bags reopened.

IT TELLS OF HOPE

The Message Spoken From New Orleans Today Is of Good Cheer.

COMING UNDER CONTROL

Fear of Dangerous Epidemic Passed and Work Now Is to Keep Control of Situation.

While Death List Is Larger General Conditions Are Vastly Improved Throughout Infected District.

New Orleans, Aug. 25.—New cases yesterday, 44; total to date, 1,600; deaths yesterday, 7; total, 226; new foci, 10; total, 360; cases remaining under treatment, 287.

New Orleans, Aug. 25.—With the fever here coming steadily under control and apprehension no longer felt of a dangerous epidemic, the federal authorities are anxious to put restriction against free intercourse between New Orleans and infected communities in Louisiana and elsewhere. The policy of such a move was fully discussed in the conference of the fever fighters with Governor Blanchard, and the results are to be made known at the meeting of the state board of health which has been called to take place here today. The necessity for some such action arises especially from the conduct of the Italians and other foreign races. Many of them fled from New Orleans to the surrounding parishes when the fever first grew violent here. They established nests of infection at various points. Since then many of them have been drifting back to New Orleans, settling in new neighborhoods and increasing the foci here.

No surrender of course is made of the principle that the mosquito is the only means of transmission, but the attitude to be assumed is that which Dr. Guiteras declares is responsible for the Havana quarantine. Havana is perfectly willing to receive one case of fever or twenty cases without any fear of infection, but it insists that each case must be labeled. In other words the quarantine is put on in order to observe travelers who enter that city, so that no one in whose system the parasite of yellow fever already exists may come in without the knowledge of the authorities and establish a point of infection.

Yesterday's report was encouraging. The death list was somewhat larger than the day before, but it did not reach the maximum set earlier in the month, and there is not the slightest indication of the tendency the fever assumed at this period in 1878. Some encouragement was found in the fact that only a small number of new foci were established.

The territory bounded by St. Ann, Esplanade, Rampart and Decatur, the heart of the original infection, is again undergoing a thorough course of disinfection. This will be the third treatment given. A total of thirty-six squares containing 1,200 houses is embraced in the district.

France Delivers Ultimatum.

Paris, Aug. 25.—As the result of a special meeting of the council of ministers it was announced that a military demonstration will be made against Morocco unless the sultan promptly yields to the French demands for the release of the French Algerian citizen, a merchant named Bouslain, who was unjustifiably arrested at Gharb, a Moroccan town on the Algerian frontier. Instructions were sent to the French minister at Fez, St. Rene Tallander, to make a final and imperative demand on the sultan.

Irrigation Congress Officers.

Portland, Ore., Aug. 25.—After two days devoted to deliberating in sections, the National Irrigation congress assembled in general session yesterday. Chairman George E. Barstow presented the report of the nominating committee recommending the following officers for the ensuing year: Governor George Pardee, California, president; L. W. Shurtliff, Utah, first vice president; J. H. Stephens, Texas, second vice president; E. T. Smith, Oregon, third vice president; H. B. Maxon, Nevada, secretary.

Noted Football Players.

London, Aug. 25.—The Pilgrims, the team of English football players who will make a two-months' tour of the United States and Canada, were passengers on the steamer Bavarian, which sailed from Liverpool for America yesterday. The team includes a number of the best association players in the United Kingdom, and is captained by Fred Milnes of Sheffield. Sir Charles Kilpatrick, the Scotch baronet, is one of the members.

Oscar Changed His Mind.

Stockholm, Aug. 25.—According to good authority, the following in government circles regarding the accession by a Bernadotte prince to the Norwegian throne has undergone a complete change. King Oscar no longer opposes the acceptance of the crown by his son, Charles. As soon as the union between Norway and Sweden is dissolved, his answer will be given, and it probably will be affirmative.

GREAT SPECTACLE

Ship Struck by Lightning Burns at Midnight.

New York, Aug. 25.—Struck by lightning during a terrific storm which swept over Staten Island and the lower part of the upper bay at midnight, the ship Mulberry Hill, laden with case oil and naphtha, lying in the stream midway between Tompkinsville and Stapleton, was burning early this morning, lighting up the bay from the Battery to Sandy Hook. The crew of twenty-four men left the ship just after the fire started and landed at Stapleton. Word was sent to Manhattan for fireboats, which hastened to flood the vessel with water.

NINE DROWN

Tabasco, Col., Has Cloudburst That Does Much Damage.

Denver, Col., Aug. 25.—It is reported that a cloudburst at Tabasco, a coal mining camp near Trinidad, Col., flooded the town and drowned nine persons. Considerable damage to property was caused, also. All communication with Trinidad was cut off almost immediately after the bare report was sent out of there. Trinidad is in the extreme southern portion of the state, about 200 miles from Denver.

Supply Goods to Canal Workmen.

Panama, Aug. 25.—The merchants committee had a conference yesterday with Governor Magoon, Chief Engineer Stevens and President Amador and his cabinet at the president's palace. The greatest cordiality was shown throughout the meeting. The representatives of the merchants said as the canal commission considered commissariats throughout the zone necessary to the building of the canal, the merchants were no willing to put obstacles in the way of the undertaking, but proposed to limit the commissariat privileges to articles of absolute necessity. It was also suggested that the canal commission permit the laborers to make their other purchases from commercial houses by means of coupons which the commission should redeem. Governor Magoon and Mr. Stevens have taken this proposition under consideration.

Colored Workmen Combine.

St. Louis, Aug. 25.—A delegate convention of colored mechanics, representing Missouri, Illinois and several of the Southern states, convened here yesterday to organize a colored mechanical association with local branches in all cities. This body is not identified or affiliated with any other labor organization. Its object is co-operation for mutual benefits and opportunities for employment. H. W. Fearson of St. Louis was chosen temporary chairman and W. P. Henington of Springfield, Ill., secretary. There are thirty delegates representing six states.

Battenberg Received With Honors.

Ottawa, Ont., Aug. 25.—Prince Louis of Battenberg arrived here yesterday. He was the guest of the Canadian club at lunch and was the guest of honor at a state dinner in the evening. Civic authorities delivered an address of welcome to which the prince replied. He left for Toronto after the dinner. About 300 sailors from the second cruiser squadron are here being hospitably entertained.

Mayorality Nomination for Jerome.

New York, Aug. 25.—The city committee of the Citizens' Union last night by a vote of 30 to 16 decided to offer the nomination for the mayoralty to District Attorney William Travers Jerome. The executive committee of the Republican city committee have decided in favor of fusion against Tammany in the coming contest.

Noted Woman Dead.

Cincinnati, Aug. 25.—Blanche Freidin, a distinguished French woman, died from pneumonia at her home here yesterday, aged sixty-two years. She was the organizer in this country of the Alliance Francaise and was widely known in literary circles.

John Burns Coming.

London, Aug. 25.—John Burns, Laborite leader in the house of commons, sailed on the steamer Bavarian from Liverpool yesterday. It is understood he will make an investigation of immigration into Canada.

A SERIOUS CHARGE

President State Board of Medical Examination Condemns Physicians.

SOME ARE CRIMINALS

Says it is a Difficult Thing to Get Evidence to Convict When in Criminal Court's.

State Board Will Make Effort to Weed Men Out by Withholding License to Practice.

Terre Haute, Ind., Aug. 25.—Dr. W. T. Gott, president of the Indiana board of medical examiners, speaking of the prosecutions of a doctor at Indianapolis and another at Franklin, the court at Franklin granting a temporary injunction against the board, said:

"There are a number of men practicing medicine in Indiana who are notoriously bad when their records as practitioners are considered. There are many of them who have been making criminal practice a business for years. The state board has information which makes it the duty of the members to curtail the immoral and unlawful practice, and they are going to do their duty. There is practically no way to reach such doctors by prosecuting them criminally, as it is next to impossible to secure evidence to convict them. The state board has power under the statute to revoke their license. If the court refuses to grant a permanent injunction or it is finally decided by a higher court that the law is unconstitutional, the board is going after these fellows and weed them out in the interest of law and morality."

ORGANIZED THIEVES

Operating Extensively in Indiana—One Arrested at Anderson.

Anderson, Ind., Aug. 25.—On information from Yorktown, where it was stated harness was stolen, the police here arrested a stranger nearly seven feet tall and representing himself as H. Fuston of Cincinnati. Chief of Police Smith searched the man and found letters and telegrams indicating that he carried on correspondence with A. W. Lachenman, 233 W. Sixth street, Cincinnati. Fuston was held until an officer arrived from Delaware county and took him to Muncie. One letter from Lachenman told Fuston to not telegraph too much from small towns, because he might arouse suspicion. Telegrams also stated that certain articles not described had been received from Fuston, and that he had been credited with \$20.

Chief Smith said he also learned that Fuston while here wired to Lachenman asking for \$10, and also stating that at Muncie he had sold harness for \$20. Within an hour Fuston got \$10.

Night Captain Williamson said he had word from Muncie that after Fuston was sweated there he confessed that he had been stealing harness and shipping it to Cincinnati, and that he had six men working with him, three at Muncie and three in this city and vicinity.

Tuesday night a \$45 set of harness was stolen from County Auditor Kinard's barn, and several barns in this city and rural districts were also robbed of harness.

ALLEGED CARELESSNESS

Of Engineer Causes Strike of Miners at Brazil.

Brazil, Ind., Aug. 25.—One hundred and fifty men employed at Zeller No. 2 mine at Cloverland went on strike yesterday, demanding the discharge of Fred Schrepperman, hoisting engineer. Ross Williams, a driver, was killed Monday while bringing a mule up in a cage, and the miners claim that the engineer's recklessness was the cause of the accident. It is supposed that the mule became unruly by the rapid motion of the cage and struck Williams, knocking him against the side of the cage, where his head was crushed by the heavy partition timbers as the cage flew upward.

Biscuits Cause Strike.

Marion, Ind., Aug. 25.—The "biscuit question," and not any phase of the labor question, has caused the strike of fifteen men employed on excavations for the Cincinnati, Chicago & Louisville railroad. The men did not demand more wages, nor was any question of trades unionism involved. Hard biscuits furnished by the company at its cook tent in the construction camp furnished sufficient grievance. The workmen said their foreman refused to eat the biscuits or sleep in the bunks provided for his men, but insisted on their doing so.

Orphans Enjoy Auto Ride.

Lafayette, Ind., Aug. 25.—Nearly 300 orphans, the inmates of the Children's Home and the St. Joseph's orphanage, were taken on an automobile ride yesterday. Nearly every automobile in the city was used. The orphans waved flags and sang. The procession wound up at Tecumseh Trail, where a number of women of the city had prepared a picnic dinner. A band concert was also given at the Trail. The children were returned to the city in special cars furnished by the Fort Wayne & Wabash Valley Traction company.

NOT ENCOURAGING

Peace Between Japan and Russia Seems a Long Distance Away.

A COMPLETE HITCH

A Rumor Says the Kaiser Is Playing Part of Obstructionist.

Conviction Strong That Sunday Will Mark the End of Negotiations.

Portsmouth, N. H., Aug. 25.—The prospects of peace seem desperate, but they are not hopeless, despite the prevailing pessimism. There is still a chance and the forces working for peace are continuing their labors. The president failed twice, but he is fighting on. The result of Ambassador Meyers's audience at Peterhof was unsatisfactory, but at least it was not a rebuff. It left the door open, and within a few hours after the receipt at Oyster Bay of Mr. Meyers's account of his audience the president had sent a new appeal through Mr. Witte, who received it from Mr. Peirce about 3 o'clock yesterday morning. The emperor had already in effect declined the proposed compromise offered by Japan. He had refused it because under a disguise Japan offered to withdraw the article asking remuneration for the cost of the war on condition that Russia repurchase from the military possession of Japan the northern part of Sakhalin at a fixed price of 1,200,000,000 yen—the estimated "frais de guerre."

Every message received from Peterhof, including those that came early yesterday, was inflexible upon that point. Had Japan not inserted the sum, had that been left for future ad-

justment, the proposition would undoubtedly have proved more palatable. According to the Japanese, Mr. Witte has already offered to divide Sakhalin. If the repurchase of Sakhalin was placed upon a purely business basis, the following few lines from the authorized statement of the Russian position given to the press last night should be borne in mind.

"All that Japan does is to join the question of Sakhalin with that of a cash payment," said Mr. Witte, "and to insist upon war costs under the name of purchase money. The transaction is fictitious and the terminology misleading. If what is proposed be in truth a purchase and sale, it should be treated as such; and, therefore, should Russia decline to buy the territory, Japan should keep it and conclude peace on the basis of the concessions already made."

But the plenipotentiaries themselves no longer control on either side. The negotiations have passed from their hands to the principals at Peterhof and Tokio.

Most persistently the report continues to be circulated here that Emperor William has been one of the main obstacles to peace; that while ostensibly in sympathy with the president's efforts, he is advising Emperor Nicholas not to yield. The foundation for this belief is the fact which appears fully confirmed, that Mr. Witte's instructions were made more imperative and intransigent upon the question with the Russian emperor in the Gulf of Finland.

Beyond this no evidence is offered. It is significant that Mr. Witte made it a point to express his disbelief in the report from St. Petersburg which caused considerable consternation here, that Count Lamsdorff had authorized Reuter's agent to declare that Russia under no circumstances would pay a contribution either direct or indirect or make a cession of territory whatever. Mr. Witte said he could not imagine that Count Lamsdorff could have authorized such a statement without informing him (Witte).

CHOLERA IN THE PHILIPPINES

Some of Uncle Sam's Soldiers Are Stricken.

Manila, Aug. 25.—An outbreak of cholera in Manila has been reported. It is thought that it is due to green vegetables from Hong Kong. Wednesday two soldiers died at Camp McKinley, which is now quarantined. In the city several natives and one American woman have died. The surgeons of the board of health state that the disease is not serious and that heroic efforts will be made to place it under control.

CALHOUN SATISFACTORY

Venezuelans Think He Will Treat All Interests Fairly.

Caracas, Aug. 25.—The semi-official Constitutional, commenting on the visit of former Judge W. J. Calhoun, whom President Roosevelt appointed special commissioner to look into the relations between Venezuela and the United States, says: "The appointment of an honorable representative of the American judiciary pleases the friends of the present administration, because we know that the proceedings in our courts are and have been founded on law and justice, and that the light which will be shed by his investigation will enable the commissioner to proclaim before the American people and the world his homage for the Venezuelan courts and the government under the law."

Judge Calhoun held a conference with the Attorney General yesterday. The issue of scrip for the new 3 per cent diplomatic debt will begin on Aug. 28.

Brookville American: A fine boy arrived at the home of the editor and his wife Sunday morning. The stereotyped announcement that we are the "proud parents" is truly applicable in this case. The boy has been named John Corwin Hancock.

Connersville News: Charles Kohlbeier was arrested today for fast driving in East Connersville, by Marshal Pippin of that town. He pleaded guilty and paid the fine, though the driving was done by proxy, his daughter, Miss Cecil, being the driver when the alleged offense was committed.

You usually read the telegrams that come to you—of course. There is probably an advertisement in the Republican today of twice as much importance to you as was that last telegram you received. Look over the advertisements every day, and you will not miss golden opportunities.

Three I. League News: Jesse Ruby, pitched Rock Island from 5th to 4th place August 7th, winning his game by the score of 5 to 2, allowing Springfield, the highest salaried team in that league, only seven hits. The feat was all the more remarkable as Ruby had just been discharged from the hospital.

Carthage Record: Judge Will J. Henley, attorney for one of Chicago's largest railways, Ed. N. Hill, superintendent of the U. S. Board & Paper company of this place, and Benton Henley, Ed. Adkins and Charles S. Hill, with a party of Rushville friends, are camping out near Moscow, on Flatrock river. "Jim" Adams, of Rushville, is chef.

Jefferson Churchill has upon exhibition at the Home Furnishing company's store a corn stalk taken from a field on his farm that is 14 feet and 3 inches tall. The stalk contains two ears of corn. The distance from the roots to the first ear is 7 feet 9 inches. Mr. Churchill has many more such stalks as this upon his farm.

"One of our readers, whose veracity is above question, says an Indian Territory exchange tells the following: 'The terrible news comes from the western part of the Cherokee nation that a boy climbed a cornstalk to see how the corn was getting along, and now the stalk is growing up faster than the boy can climb down. The boy is clear out of sight. Three men have undertaken to cut the stalk down with axes and save the boy from starvation, but it grows so fast that they can't hack twice in the same place. The boy is living on nothing but raw corn, and already has thrown down over four bushels of cobs.'"

READY TO BEGIN WORK OF GRADING

Kinsey Construction Co. Preparing for Work on Connersville Line.

Active work on the grading of the Connersville extension of the I. & C. is to begin shortly. Today Chief Engineer Moore and two of his assistants went out along the right-of-way to look into the work now being done.

At Williams Creek, the Kinsey Construction company of Terre Haute, which has the contract for building the road-bed between this city and Connersville, has already unloaded fifty mules and much grading machinery. Other equipment for construction work is expected here at any time. In fact, it has been expected here for a week. The grading tools, together with the men, horses and mules, will be placed at different points along the right-of-way and put to work as soon as they arrive.

SOCIETY NEWS

Misses Lenore and Alice Norris will entertain a number of their friends this evening at their home on North Morgan street, in honor of Miss Sae Prine, of Greensburg, who is the guest of friends here.

A picnic will be given in the Adams' grove, west of town, this evening by a number of our young people in honor of Miss Winifred Trueblood, who is the guest of the Misses Kitchen. About eight couples will attend.

AMUSEMENTS

Immediately after the advance sale of seats was opened this morning at Hargrove & Mullin's for the opening performance of The Cutter Stock company, a great many were sold and the indications are good for a crowded house at the city opera house on Monday evening, when the company will present "A Wife's Sacrifice," introducing between the acts specialties of the highest order.

The company should be greeted with crowded houses during the entire week, as the prices are popular, 20, 25, and 35 cents, while as a special offer ladies will be admitted free the first night.

Young men who imagine themselves the most miserable of human beings because their sweethearts rejected them should visit the divorce courts and discover their mistakes.

Special Notice.

Those persons who are indebted to A. W. Tompkins will please call at once and settle, as all accounts must be settled by last of this week. 2016
